

Repair and Replacement Service for ensuring the availability of your machines

Profit from the experience and precision of a global market leader - also when it comes to repairs. In order to be able to guarantee the availability of spare parts for your aged machine, we are offering the repair of mechanical as well as electrical components. Moreover, we are offering a multitude of already repaired replacement parts in exchange for your defective part. This service gives you not only a considerable advantage in terms of time but also in terms of costs as compared to the acquisition of a new part.

Examples for repairs and replacement parts

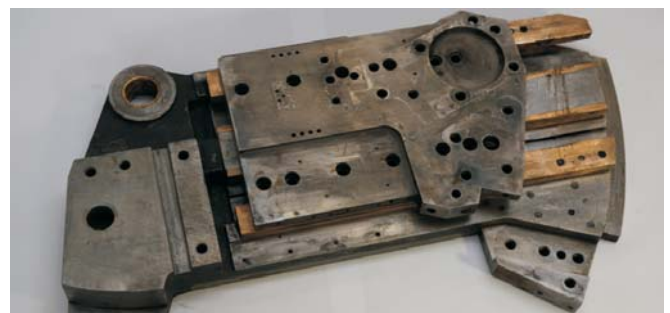

- Computers
- Drive systems
- Controls
- Feed units
- Coiling plates
- Mandrel boxes
- Three-jaw grippers
- Bending heads

Our Accomplishments for your Benefit

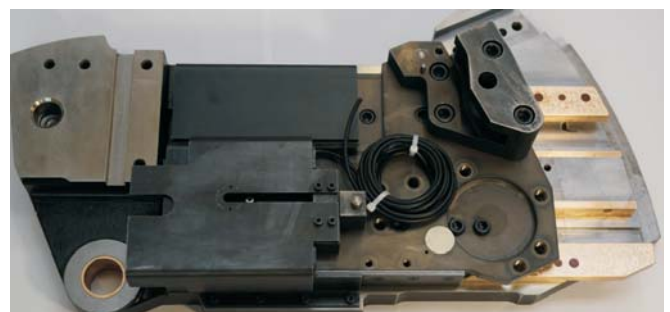

- High machine availability despite components discontinued by the producer
- Immediately available replacement components at a reduced price
- Low-cost alternative to acquisition of new parts
- Overhauled spare parts with 12-month WAFIOS warranty
- Components adjusted to the requirements of your machine
