

Retrofit: Camera/computer packages

With these packages you can update your existing camera and computer to receive optimum measuring results on your machine. You continue to have a reliable production process despite your camera or computer having been discontinued. Frequently, a new camera can only be used in combination with a new computer. Therefore, we have compatible camera/computer packages on offer at a special price.

▲ New user interface

▲ New computer

▲ New Gig E camera

■ Your benefit:

- Camera and computer at a special price
- New and user-friendly user interface
- Low extraneous light interference
- High measuring speed
- Future-proof measuring technology
- Availability of spare parts
- Existing add-on parts can continued to be used

We gladly provide you with further information
